

HORWICK E-MOTIONAL PERFORMANCE

31 AUGUST

BY NEIL ALLEN

More wind than many people wanted greeted us at the Howick field. It was 15 to 20 km/h or so, but straight across the flightline. Two people chose not to compete, and we angled the flightline to make it a bit more pleasant for the rest of us.

In **Sportsman** Ian flew his Stik. It makes a change to hear a glow motor run nowadays. He coped fine with the conditions, to his and our surprise!

Arthur in **Advanced** flew to the new style he has adopted, of very large, slowish manouvres. It worked well. Now he is working on trying to get various roll manouvres to be in the centre of the box, which is harder in wind of course.

“AND THE WIND
BLOW AND BLOW
RIGHT ACROSS
THE RUNWAY”

HORWICK E-MOTIONAL PERFORMANCE

31 AUGUST

In **Masters** I flew my e-Motion, and the judges seemed to like it. John has got another newer 90 size Wind from Ian Morris, which looks smarter, but probably flies the same as the old one. Mark had some excitement when he damaged his landing gear after round 1. He then borrowed Arthurs' Mythos for the next two rounds. He quite likes it now, and doesn't want to give it back.

Thank you to judges Des and Mike, and Leon for the help with the event. Thank you to the Howick club for the use of the excellent field. ✈️

SPORTSMAN				
Ian Becke	59.00	50.50	60.75	59.88
ADVANCED				
Arthur Eggar	63.04	64.78	69.13	66.96
MASTERS				
Neil Allen	67.60	69.33	69.42	69.38
Mark Savage	65.41	63.91	67.49	66.45
John Dorse	63.90	62.70	67.60	65.75
