

KLERKSDORP RADIO FLYERS - LEAGUE 1

RESULTS SPEAK FOR THEMSELVES

15 MARCH 2015

“I FOR ONE CANNOT WAIT TO SEE WHAT HAPPENS ON THE NEXT ROUND OF COMPETITION, WHEN THESE TWO PILOTS GET THE CHANCE TO COMPETE AGAINST EACH OTHER. WATCH THIS SPACE”

Klerksdorp Radio Flyers was the scene of action this past weekend, when the North-West Guys, held their 1st League Competition of the year.

Entries were low, but they managed to pull in some of the Gauteng guys to join them for a wonderful day of flying.

Pilots were greeted with early morning showers as they made their commute to the field, but the weather reports said differently, and soon enough the skies started clearing. It is now Fly Time!

1st up was Chris O' Connel in **Sportsman**, and boy did the time and effort pay off, Chris broke the 60% mark by far, and a little birdie told me he will be moving up to Intermediate soon. Well done Chris some solid flying and a well-deserved masters qualifying score.

Advanced, and Nico Erasmus was not holding back. It seems that our Pilots this year are getting to grips early with their schedules, and the results speak for themselves. Nico putting in some excellent rounds, and finishing with an average score of 67.17%. Well done Nico.

Masters, 2 entries and some fierce competition, by the end of the day the scores were very close, and we are bound to see a change up in upcoming competitions. Michael Sacca was still able to defend his winning streak, with Freddy Kotze close on his heels.

I for one cannot wait to see what happens on the next round of competition, when these two pilots get the chance to compete against each other. Watch this space.

RESULTS SPEAK FOR THEMSELVES
 15 MARCH 2015

PICTURES: TOP LEFT, SPORTSMAN CLASS: **CHRIST O'CONNEL**.
 MIDDLE, ADVANCED CLASS: **NICO ERASMUS**.
 BOTTOM, MASTERS CLASS: **MICHAEL SACCA** AND **FRESSIE KOTZE**, ABOVE:
 F3A CLASS: **CLINTON CARTER-BROWN**, **GRANT BROOK**, **CALVIN SCHROLL**

F3A, and we saw the return of an injured bird repaired, yes Matthys Botha and his now fixed Oxai - Citrin returned to Klerksdorp where he damaged the plane on the last event, accidentally dropped the pane on the scale at weigh in. Matthys put in a very good 2nd round of 69,83%, but failed in the Final round to keep up the good flying, some more practice is needed if we want to see him fly competitively. Grant Brook finished in 3rd place, and boy could we see the smile all the way from Uppington, Grant

scored an average of 69.51%, Clinton Carter-Brown, finished in 2nd place with excellent rounds, it was close in the Final Round finishing up with an average of 71.98% and normalized score of 1934, but local pilot Calvin Schroll was unbeatable, and with flights scoring in the high 70's, there are few that can match him at this stage. Well done Calvin, It seems that your preparations for the world champs are on track, and the results speak for themselves. We all have high hopes for you going forward, keep up the good work.

All in all it was a great day! We would like to thank the Club KRF (Klerksdorp Radio Flyers) for hosting us on the day, the facilities are excellent.

A Big thank you to the Judges who scored our pilots on the day, and to the organizers, thanks for the cold drinks, and awesome boerie-rolls. It was an excellent day for Flying, and we hope to see you all at the next one.

And as always fly safe (and inverted).
