

2014 WESTERN CAPE VERY TESTING CONDITIONS

2 FEBRUARY

NO BULL AT HRF!!!

A 30 - 40kph South Easter faced all pilots, it had been forecast but one lives in hope so most opted to fly just 3 rounds.

Sportsman entries Mike and Christo battled out with the new schedule and the weather. All three rounds were won by Mike who normally flies Intermediate. Christo was quite close behind but like most of us needs more practice.

The Advanced class had 5 entries and I suspect this to be the most popular class. Ozzie who had entered had a medical issue and couldn't make it. So this left the 4 pilots to fight for the honors. Rory now flying the very well set-up Quantum was really getting used to the extra power. He still struggled with the length of the "box" but he will get it right one day and listen to the caller!!

Rory won the first and third round, Schalk took round two. It was great to see Damien taking part in flying and calling for Tim. They did battle but neither of them had done any practice.

After three rounds it was Rory who won followed closely by Schalk.

Masters class had a healthy 4 entries. A welcome back Rodney and Claude joined regulars Stuart and Ernie. Unfortunately

Rodney had "flow" issues and missed all rounds, Claude had personal issues which left the two regulars.

Round one and two were won by Stuart, Ernie had schedule issues and lost his way. Both pilots suffered landing damage on there second flight which ended there day. Maybe they should go back and start in Sportsman!!

With the wind now gusting over 40, most pilots opted to now take the fourth flight despite having plenty of time.

In fact, we managed to fly 9 entries 2 - 3

rounds each and end before 12. No rout this was down to the splendid work of the CD, Greg who kept everyone in check.

The scoring was do by Sheree, this is so vital to keep the scores up-to-date during the event, just fantastic and a BIG thanks from me to Greg and Sheree who took the pressure off me and allowed me to concentrate more on my flying.

Thanks must also go to the three Judges, regular Martin, nice man Kas and the one and only Christo.
